

## Report on ICIAM Support to SANUM 2009

2008

In 2008 ICIAM<sup>1</sup> awarded financial support to the value of USD3000 to AIMS<sup>2</sup> under their support scheme for developing countries. About half the money was spend to support the AIMS group of students to attend the 2008 SANUM<sup>3</sup> Symposium. The remaining fraction, (ZA)R11,778.50, was transferred to SANUM for fellowships and other support for the 2009 meeting.

2009

In early 2009 the SANUM organizing committee advertised fellowships to attend the SANUM meeting, which was held April 6-8 in Stellenbosch, South Africa. We had a single application, from Dr Joshua P Chollom of the University of Jos, Nigeria. We offered support to Dr Chollom in the form of a full waiver of registration fees (R900) and conveyed our offer to Dr Chollom via E-mail. He did not respond to any of our messages, however, and did not arrive at the conference either. The amount of R900 thus went unspent.

In addition to the fellowships we supported a group consisting of students and tutors from AIMS, much like it was done in 2008. The support consisted of full student fee waivers, daily fee student waivers, and a transport supplement. The details are set out on the next page. The total support to the AIMS group amounted to R9800.

*Summary*

R11,778.50 minus R9800 equals R1978.50, which is the amount to be returned to ICIAM (approximately 178 Euro).
